

## The Victoria Compact

By the authority granted to us by the Creator, we, the living men and women, having undertaken a common voyage for the advancement of peace, freedom, truth and mutual prosperity, do solemnly and peacefully come together, mutually covenant and combine ourselves to form a lawful civil body politic, known as The Victoria Assembly, unincorporated.

For the better ordering, preservation, and security of our People, Land and our Community, and to promote justice, equity, and the common good for All life – present and future – we hereby establish this agreement of self-governance, through our inherent right of self-determination.

We do bind ourselves to enact, constitute, and frame such just and equal laws and constitutions, as shall from time to time be thought most fitting and essential for the beneficial welfare of this land.

To these ends, we pledge our faith, our honour, and our united commitment to abide by and uphold this Compact, for the benefit of all men and women, all life and for the gratitude of our posterity.

Let this Compact be entered into the Public Record and affirmed by our living autographs below.
